

Pupil Premium

Our school received £24075.00 from the Pupil Premium. We are spending the money on:

- An Extended School Coordinator, whose brief, includes fostering parental involvement in their child's/childrens' education.
- One to one tuition for upper KS2 children who need additional targeted support.
- Extra Booster Class sessions involving Year 6 children.
- A Booster Class session targeting Year 5 children.
- Specialist Sports Coaching in Early Years and KS1/Lower KS2 to foster collaboration.
- Subsidised school trips and visitors to the school to develop our creative approach and enhance the experiences of our children.
- Target funds for annual residential activity holiday.

The above measures are helping to encourage a self belief and determination in our children to achieve their full potential even in adverse situations.
